CAREER OBJECTIVE

Motivated and detail-oriented aspiring software developer with foundational experience in full-stack web development, programming, and collaborative project work. Demonstrates strong problem-solving, adaptability, and a commitment to continuous learning. Seeking an internship opportunity to apply technical skills, gain hands-on industry experience, and contribute to software development initiatives in a professional environment.

EDUCATION AND AWARD

Lyceum of the Philippines University – Cavite 2023 - 2027
Manggahan, General Trias, Cavite

- Bachelor of Science in Computer Science

St. Edward Faith Campus 2021 – 2023
Lancaster, General Trias, Cavite

- Consistent honor student (Grades 11-12)

TECHNICAL SKILLS

Programming Languages: TypeScript, JavaScript, Python, Java, SQL, C# (Basi, Rust (Learning))

Frontend Development: React, HTML, CSS, Tailwind CSS

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication

Tools & Technologies: Git, GitHub, Visual Studio Code, Postman, Figma

PROJECTS

ExhaustED – Student Wellness & Productivity System | *Solo Full-Stack Developer*

Tech Stack: TypeScript, React, Node.js, Express, JWT, SQL

- Independently designed and developed a full-stack web application focused on student wellness and productivity, implementing responsive frontend interfaces, backend APIs, database integration, and authentication systems
- Implemented JWT-based secure authentication, protected routes, and modular architecture to improve system organization, maintainability, and feature scalability

PRISM – Personalized Real-Time Intelligent Segmentation for Marketing | *Technical Documentation Contributor*

Tech Stack: React Native, Expo, Supabase, PostgreSQL, Meta Graph API, TypeScript

- Contributed to Software Requirements Specification (SRS), system workflows, and technical documentation for an algorithm-driven marketing platform, including functional and non-functional requirements and system specifications
- Assisted in documenting Data Flow Diagrams (DFDs), recommendation workflows, analytics-related features, and personalized scheduling mechanisms

RELEVANT EXPERIENCE

Auditor 2025 – Present

Student Government – College of Information Technology and Computer Science

- Applied analytical thinking and attention to detail in reviewing financial records, reports, and organizational documentation for accuracy and completeness
- Assisted in maintaining transparency through organized record-keeping and proper documentation management

Board Director 2025 – Present

Liceo Esport Cavite – Precedence and Protocol

- Participated in organizational planning, oversight, and coordination to support structured execution of activities and events
- Reviewed event protocols, documentation, and operational processes while contributing to collaborative decision-making
